INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Orange County Water Control & Improvement District No. 1 Vidor, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and each major fund of Orange County Water Control & Improvement District No. 1 as of and for the year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the Orange County Water Control & Improvement District No. 1's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of Orange County Water Control & Improvement District No. 1 as of June 30, 2021, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on page 4 through 9; the Schedules of Changes in Employer's Net Pension Liability and Related Ratios and Employer Contributions on pages 37 through 38; and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund on page 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standard Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information on pages 4 through 9 and pages 37 and 38 in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on this information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The required supplementary information on page 39 has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Orange County Water Control & Improvement District No. 1's, basic financial statements. The Texas Supplementary Information listed in the Table of Contents on pages 40 through 52 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Texas Supplementary Information listed in the Table of Contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The current year financial information included in these schedules has been subjected to the auditing procedures applied in the audit of the basic financial statements taken as a whole. The Schedules of Services and Rates and Board Members, Key Personnel and Consultants have not been subjected to the auditing procedures applied in the audit of the basic financial statements have not been subjected to the auditing procedures applied in the audit of the basic financial statements taken as a whole. The Schedules of Services and Rates and Board Members, Key Personnel and Consultants have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on this information.

Other Reporting Required by Governmental Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 5, 2021, on our consideration of Orange County Water Control & Improvement District No. 1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of Orange County Water Control & Improvement District No. 1's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Orange County Water Control & Improvement District No. 1's internal control over financial control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Orange County Water Control & Improvement District No. 1 we offer readers of the Orange County Water Control & Improvement District No. 1 financial statements this narrative overview and analysis of the financial activities of the Orange County Water Control & Improvement District No. 1 for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with the independent auditor's report and the District's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- The assets of the Orange County Water Control & Improvement District No. 1 exceeded its liabilities at the close of 2021, by \$10,848,049. Of this amount, \$5,065,470 is considered unrestricted.
- The Orange County Water Control & Improvement District No. 1's total net position increased by \$215,278 in fiscal year 2021.
- As of the close of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$8,872,190 a decrease of \$825,046. Of this total fund balance, \$1,242,391 is considered spendable and unassigned and is considered available for use.
- The general fund reported a fund balance of \$2,874,443 at the end of the current fiscal year. The unassigned fund balance for the general fund was \$1,242,391 or 24.0% of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Orange County Water Control & Improvement District No. 1's basic financial statements. These basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements are designed to provide readers with a broad overview of the Orange County Water Control & Improvement District No. 1's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the Orange County Water Control & Improvement District No. 1's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decrease in net position may serve as a useful indicator of whether the financial position of the Orange County Water Control & Improvement District No. 1 is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation).

The Statement of Activities includes collection and disbursement of ad valorem taxes to pay off long-term debt.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements are a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Orange County Water Control & Improvement District No. 1, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of Orange County Water Control & Improvement District No. 1 are governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Orange County Water Control & Improvement District No. 1 maintains several governmental funds. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Debt Service Fund, Contingency Fund, and Construction & Capital Project Funds which are considered to be major funds.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the Financial Statements can be found on pages 16 through 36.

Other information. In addition to the basic financial statements and accompanying notes, required supplementary information presents a schedule of changes in employer's net pension liability and related ratios, a schedule of employer contribution, and a schedule of revenues, expenditures, and changes in fund balance-budget and actual to demonstrate compliance with the budget. The required supplementary information can be found on pages 37 through 39. Texas Supplementary Information is presented on pages 40 through 52.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Orange County Water Control & Improvement District No. 1, assets exceeded liabilities by \$10,848,049 at June 30, 2021.

| | | |

Changes in net position

The District's total revenues were \$7,153,176. A significant portion, 52.6%, of the District's revenue comes from charges for water and sewer services. Approximately 30.1% of the revenue comes from taxes.

The total cost of all programs and services was \$6,937,898; all these costs are related to water and sewer services.

Governmental Activities

Property tax rates increased by approximately .005 cents per \$100 valuation. This increase resulted in an increase in the tax levy to \$2,171,450.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2021

| Total Net Change in Fund Balances - Governmental Funds | \$ (825,046) |
|--|-----------------|
| Property tax revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the governmental funds. | 5,912 |
| Current year capital outlays are expenditures in the fund financial statements, but they should be shown as increases in capital assets in the government-wide financial statements. | 535,918 |
| Certain items reported as expenditures in the governmental funds are considered assets in the government-wide statements. | 25,974 |
| Depreciation is not recognized as an expense in the governmental funds since it does not require the use of current financial resources. | (1,570,652) |
| The issuance of refunding bonds and premium provide current financial resources to governmental funds, while the payment to the bond escrow agent consumes the current financial resources of the governmental funds. These transactions however, have no effect on net position. This is the amount by which payments to the bond escrow agent exceeded refunding bonds and premium proceeds. | 560,201 |
| The repayment of the principal portion of long-term debt consumes current financial resources of the governmental funds; however, it has no impact on the net position of the government-wide activities. | 2,340,000 |
| Interest on long-term governmental debt is not due and payable in the current period and, accordingly, is not reported as a current period expenditure. Interest expense on the long-term debt of governmental activities is accrued and accreted in the Statement of Activities. | (871,284) |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. These include changes in other post employment benefits, net pension asset, and compensated absences. | 14,255 |
| Change in Net Position of Governmental Activities | \$ 215,278 |

NOTES TO THE FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 1 – GENERAL STATEMENT

Orange County Water Control and Improvement District No. 1, Vidor, Texas (the District) was created by an order of the Texas State Board of Water Engineers on January 26, 1948 and confirmed by the electorate of the District in a confirmation election held on April, 24, 1948. The District was validated by the 57th Legislature of Texas in 1965 and operates under Chapter 51 of the Texas Water Code. The Board of Directors held its first meeting on February 4, 1948 and the first bonds were sold on May 27, 1955. The general purpose financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the District's significant accounting policies.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. <u>Reporting Entity</u>

The District provides water and sewer to the Vidor area of Orange County. In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include or exclude a potential component unit in the reporting entity was made by applying the criteria set forth by generally accepted accounting principles. Based upon these principles, the basic criteria for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant criteria is financial interdependency. Other factors affecting the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public services. Based upon these criteria, there are no component units to the District, nor is the District a component unit of any governmental body.

B. Excluded from the reporting entity

Water and sewer development and improvement grants received from the Texas Department of Housing and Community Affairs through the City of Vidor, the City of Rose City, or the County of Orange are administered by those entities and are not included in the District's general purpose financial statements except for those costs incurred by the District as the project progresses.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. <u>Government-wide and Fund Financial Statements</u>

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of the interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of given functions or segments are offset by program revenue. Program revenue includes charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Taxes and other items not properly included among program revenue are reported instead as general revenue.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenue is recorded when earned and expenses are recorded when liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the *current financial resources measurement focus and the modified accrual basis of accounting.* Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available when it is collectible during the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenue to be available if it is collected within 60 days of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, accounts receivable for service, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Government-wide and Fund Financial Statements (Continued)

The District has the following Governmental Funds:

General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

Debt Service Fund – The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Contingency Fund – The Contingency Fund is a special revenue fund. Established in the fiscal year ended June 30, 2014, it is to be used for emergencies only. Money is set aside regularly, and it is the goal of the Board of Directors to have \$3,000,000 available for emergency uses.

Construction Fund – This fund was formerly referred to and shown on the financial statements as the Capital Projects Fund. It accounts for the resources used for the construction or acquisition of major capital facilities when the construction or acquisition is paid for by grants, bonds, or by loans.

Capital Projects Fund – The Capital Projects Fund, established in the fiscal year ended June 30, 2014, accounts for the District's financial resources to be used for the rehabilitation and expansion of the District's infrastructure and facilities.

D. Basis of Accounting

The basis of accounting is the method by which revenues, and expenditures or expenses are recognized in the accounts and reported in the financial statements. The District uses the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Most revenue sources are recorded as revenues when received in cash because they are generally not measurable until actually received. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for interest on long-term debt, which is recognized when due.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. <u>Cash and Investments</u>

Cash includes amounts in demand deposits as well as money market accounts. The District Board has approved making investments in the Lone Star Investment Pool, but the District had no investments in the pool at June 30, 2021.

The District, in compliance with legal requirements, has a written investment policy and the District's investment officers have received the required hours of training on the Texas Public Funds Investment Act and related investment issues for the year.

F. <u>Encumbrances</u>

The District does not use encumbrance accounting.

G. Materials and Supplies Inventories

Inventories are valued at cost using the first-in, first-out basis which approximates market. Inventories for all funds consist of expendable supplies held for consumption and the cost thereof is recorded as expenditure as the individual inventory items are issued (consumption method).

H. Interfund Transactions

Interfund Receivable and Payable – Short-term advances between funds are accounted for in the appropriate interfund receivable and payable accounts.

Transactions Between Funds – Transactions between funds that would be treated as revenues, expenditures, or expenses if they involved organizations external to the District are accounted for as revenues, expenditures, or expenses in the funds involved.

I. Land. Buildings and Equipment

General plant, property, and equipment have been acquired or constructed for general governmental purposes. Infrastructure assets and other plant, property, and equipment are recorded as expenditures in the governmental funds and capitalized at cost and recorded in the government-wide financial statements. Gifts or contributions of general plant, property, and equipment are recorded at estimated fair market value upon receipt. Interest has been capitalized as appropriate.

It is the policy of the District to capitalize assets with an individual cost of \$3,000 or more and a useful life of at least two years. Depreciation is computed using the straight-line method over the following useful lives:

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Land, Buildings and Equipment (Continued)

| Assets | Years |
|----------------------------|------------|
| | 2 5 |
| Buildings and Improvements | 35 |
| Water and Sewer System | 35 |
| Machinery and Equipment | 5-10 |

J. Long-term Liabilities

Long-term liabilities that will be financed from governmental funds are recorded in the government-wide financial statements. The general long-term debt is secured by the general credit and taxing powers of the District.

K. <u>Compensated Absences</u>

Employees of the District are granted vacation benefits in varying amounts based upon tenure with the District. Unused vacation has a maximum allowable accumulation of twenty-five days. Each December 31, any excess balance will be reduced to the maximums by paid compensation. Unused vacation leave shall by paid upon termination of employment with the District.

Sick leave accrues to regular full-time employees to a maximum of one hundred twenty days. Each December 31, any excess of the maximum is reduced to the maximum without compensation. Unused sick leave is not compensatory upon separation from employment with the District, except that after twelve years of employment and for qualified retirement, the equivalent of one-half of accumulated sick leave shall be paid not to exceed a total of sixty days.

The estimated accrued liability for compensated absences for vacation and sick leave is as follows.

| | Number of | Maximum | | |
|------------|------------------|-----------------|------------|-------------------|
| | Qualifying | Days per | | |
| | <u>Employees</u> | <u>Employee</u> | <u>Tot</u> | <u>al Accrued</u> |
| Sick leave | 9 | 60 | \$ | 67,980 |
| Vacation | 22 | 40 | | 51,802 |
| Total | 31 | 100 | \$ | 119,782 |

Total accrued sick leave reflects 50% of estimated total liability due to its non-compensatory nature as explained above.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Post-Retirement Benefits

The District currently pays one-half of the medical insurance premiums for its retirees from retirement to age 65. Liability for this benefit for one year is currently estimated to be \$102,900.

Financial reports information pertaining to the District's participation in the Texas County and District Retirement System (TCDRS) was prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date.*

M. <u>Property Taxes</u>

Ad valorem taxes, penalties and interest are reported as revenue in the fiscal year in which they become available to finance expenditures of the fiscal year.

N. Tax Abatements

The Orange County Water Control and Improvement District No. 1 is committed to an expansion of its tax base, an increase to its population, the promotion of development in the District, and to an ongoing improvement in the quality of life for its residents. The District offers residential tax abatements for residents within the boundaries of the District Reinvestment Zones designated by the City of Vidor Ordinances Nos. 1247, 1248, 1249, 1250 and 1251 as a stimulus for economic development in the District. Property eligible for tax abatement per the guidelines and criteria is defined as: all property used as a single-family residence, located within a designated Reinvestment Zone, and within the boundaries of the District. As provided in the Act, abatement may only be granted for the value of eligible property subsequent to and listed in an abatement agreement between the District and the property owner, or the City of Vidor and the property owner where the District has, by official action, expressed an intent to be bound by the terms of the agreement in accordance with Section 312.206(a) of the Texas Property Code.

Upon determination that all requirements for tax abatement have been satisfied by the applicant, the value and terms of the abatements will be for a period of eight (8) years in accordance with the Schedule of Taxes Assessed stated in resolution No. 01-2018 of the Board of Directors of the District. Abatement shall be granted effective with the January 1 valuation date immediately following the date of approval of the abatement agreement and completion of construction of the property.

For the fiscal year ended June 30, 2021, the District abated property valued at \$7,541,222, which resulted in abated property taxes totaling \$31,825. All abatement agreements were in relation to residential property, and no single abatement exceeded 15% of the total abated value.

0. <u>Budget</u>

The District adopts an annual budget for the general fund only. The budget is adopted prior to the start of the fiscal year and is based on the modified accrual basis of accounting which is consistent with generally accepted accounting principles. Appropriations lapse at year end.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

P. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumption that affect the reported amounts off assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts and expenses during the reporting periods. Actual results could differ from those estimates.

Q. Application of Resources

It is the District's policy to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

R. <u>Fund Equity</u>

The District has adopted GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints:

Non-spendable fund balance – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted fund balance – amounts that are restricted to specific purposes externally imposed by creditors, grantors, contributors, or imposed by the laws or regulations of other governments.

Committed fund balance – amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the Board takes the highest level action to remove or change the constraint.

Assigned fund balance – the portion of fund balance that the Board of Directors and management intends to use for specific purposes.

Unassigned fund balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

When the District incurs expenditures for purposes for which various fund balance classifications can be used, it is the District's policy to use restricted fund balance first, then committed fund balance, assigned fund balance, and finally unassigned fund balance. The District establishes (and modifies or rescinds) fund balance commitments by passage of a motion or resolution by the Board of Directors. This is done through adoption and amendment of the budget.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Fund Equity (Continued)

In the government-wide financial statements, net position represents the difference between assets and liabilities. Net position invested in capital assets represents capital asset balances reduced by accumulated depreciation and by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on the use by the Board of Directors, designation, or through external restriction imposed by creditors, grantors or laws or regulations of other governments. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

S. <u>Subsequent Events</u>

In accordance with ASC 855, the Management of the Utility District has evaluated subsequent events through October 5, 2021, the date on which the financial statements were available for issue.

NOTE 3 – CASH AND INVESTMENTS

Texas statute and the District's investment policy authorize the District to invest in U.S. Treasury, bills, notes and bonds, which are backed by the full faith and credit of the United States government, U.S. governmental agency securities, and insured or collateralized time deposits issued by banks domiciled in the State of Texas.

At the year-end, the carrying amount of the District's deposits was \$8,632,133 and the bank balance was \$8,656,401. All deposits as of the financial statement date were insured by FDIC coverage or collateralized by a letter of credit and pledged securities held by the depository's agent in the District's name.

Following are the components of the District's cash and investments at June 30, 2021:

| Cash Assessed | Total | Bond Revenue Requirements |
|-----------------------|--------------|------------------------------|
| Cash Accounts | | |
| Interest and Sinking | \$ 674,474 | \$- |

| Other | 4,872,445 | - |
| | | |
| | \$ 8,632,134 | \$ 942,688 |

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 4 – PROPERTY TAXES

The District's ad valorem property tax is levied each October 1 on the assessed value listed as of January 1 for all real property located in the District. The assessed value of the roll upon which the levy for the 2020 calendar year was based was \$519,253,612. The tax rate assessed for the year ended June 30, 2021, to service bonded indebtedness was \$0.42201 per \$100 valuation.

Property taxes attach as an enforceable lien on the property as of February 1 following the levy date. Taxes are due October 1 and become delinquent by February 1 following the October 1 levy date. Current tax collections for the year ended June 30, 2021 were 93.24% of the tax.

NOTE 5 – CAPITAL ASSETS

Following is a summary of the District's capital asset activity:

| | Balance July 1, 2020 | Additions | Retire- ments | Transfers | Balance June 30, 2021 |

Depreciation expense was \$1,570,652 for the fiscal year ended June 30, 2021.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 5 - CAPITAL ASSETS (CONTINUED)

The following represents the District's construction commitments for the year ended June 30, 2021:

| Project | Commitment | Spent to Date | Remaining Commitment |
|---|---------------------------------------|-------------------------------|------------------------------|
| Contract 3 Water and Sewer Service Extensions Project Contract 4 Sanitary Sewer System Improvements Project Well Site 7 TTHM Treatment System | \$ 677,675 1,099,114 808,089 | \$58,794 89,611 808,089 | \$ 618,881 1,009,503 - |
| Totals | \$ 2,584,878 | \$956,494 | \$ 1,628,384 |

<u>NOTE 6 – ADVANCE REFUNDING OF DEBT</u>

2007 and 2009 Unlimited Tax Bonds Refunding

On May 21, 2019, the District issued \$9,015,000 in unlimited tax refunding bonds with an interest rate of 2.0% - 4.0%. The proceeds were used to advance refund \$1,470,000 of outstanding 2007 unlimited tax refunding bonds which had interest rates ranging from 3.15% to 4.0%; and \$8,199,242.50 was deposited in an irrevocable trust with an escrow agent to provide funds for the advance refunding of \$8,010,000 of outstanding 2009 unlimited tax refunding bonds on August 15, 2019. As a result, the 2007 and 2009 unlimited tax refunding bonds are considered defeased and the liability for those bonds has been removed from the statement of net position.

The advance refunding of the 2007 and 2009 bonds reduced the total debt service payments over 12 years by \$1,182,123. The present value of the saving from cash flow is \$1,051,373.

2021 Revenue Bonds Refunding

On May 19, 2021, the District issued \$8,825,000 in revenue refunding bonds with an interest rate of 1.25% - 2.0%. The proceeds were used to advance refund \$9,330,000 of outstanding 2011 revenue notes which had interest rates ranging from 2.85% to 4.1%. From the net proceeds of \$8,951,606 plus an additional \$863,231 of District funds, \$104,163 was used to pay the cost of issuance and \$9,499,019 to call the bonds on August 15, 2021.

The advance refunding of the 2011 revenue notes reduced the total debt service payments over 11 years by \$1,011,384. The present value of the saving from cash flow is \$941,625.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 7 – LONG-TERM DEBT

The District issues General Obligation and Capital Appreciation bonds to provide funds for the acquisition and construction of major capital facilities. General Obligation and Capital Appreciation bonds are direct obligations and pledge the full faith and credit of the District.

The following is a schedule of the open bond series at the end of the fiscal year:

| Bond Series | Intrest Rates | Payable At |
|-----------------------------------|---------------|-----------------------------------|
| 2009 General Obligation | 1.70-5.05% | Wells Fargo Bank NA, Ausitn Texas |
| 2012 Capital Appreciation | 1.20-5.30% | N/A Zero Coupon Bonds |
| 2019 General Obilgation Refunding | 2.0-4.0% | UMB Bank, N.A., Austin, Texas |
| 2021 Revenue Refunding | 1.25-2% | UMB Bank, N.A., Austin, Texas |

Except for the revenue refunding bonds, bonds are payable from the proceeds of ad valorem taxes levied on all property subject to taxation in the District without limit as to rate or amount with no revenue pledge. Payment of the principal and interest on the bonds when due is guaranteed by a municipal bond insurance policy issued with the delivery of the bonds by MBIA Insurance Corporation. The revenue refunding bonds are payable from the District's revenues and ad valorem taxes may not be used for their repayment.

Annual debt service requirements to maturity for the bonds are as follows:

| Due During Fiscal Year | Во | nds |
|---------------------------|---------------|---------------|
| Ended | Principal | Interest |
| 2022 | \$ 1,434,309 | \$ 749,074 |
| 2023 | 2,252,516 | 787,934 |
| 2024 | 2,289,048 | 785,302 |
| 2025 | 2,284,343 | 786,957 |
| 2026 | 2,419,062 | 788,488 |
| 2027-2031 | 12,289,968 | 4,116,626 |
| 2032-2036 | 5,106,697 | 8,339,147 |
| 2037-2038 | 1,381,905 | 3,803,095 |
| | | |
| Total | \$ 29,457,848 | \$ 20,156,623 |

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 7 - LONG-TERM DEBT (CONTINUED)

Changes in long-term liabilities

Long-term liability activity for the year ended June 30, 2021, was as follows:

The Debt Service Fund on June 30, 2021 had combined cash, time deposits, and accrued interest amounting to \$572,454. The provisions of the bond resolutions relating to debt service requirements are being met and the cash allocated for these purposes is sufficient to meet upcoming debt service requirements for the remainder of the calendar year.

The funds in the General Funds revenue debt reserve accounts and the monthly deposits to them are sufficient to meet upcoming debt service requirements for the 2021 revenue refunding bonds.

The required reserve account balance for the 2021 revenue refunding bonds is \$942,688 at June 30, 2021, and the actual account balance is \$1,045,526.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 8 - PENSION PLAN

Plan Description

Orange County Water Control & Improvement District No. 1 provides retirement, disability, and survivor benefits for all of its full-time and part-time non-temporary employees through participation in the statewide Texas County and District Retirement System (TCDRS), a defined benefit pension plan. The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 817 defined benefit pension plans. TCDRS in the aggregate issues an annual comprehensive financial report on a calendar year basis. The annual comprehensive financial report is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The Plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service or with 30 years regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-finance benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of those monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

At June 30, 2021, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 10 |
|--|----|
| Inactive employees entitled to but not yet receiving benefits | 12 |
| Active employees | 28 |

50

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 8 - PENSION PLAN (CONTINUED)

Funding Policy

The employer has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually.

The employer contributed using the actuarially determined rate of 5.81% for the months of the accounting year in 2020 and 5.81% for the months of the accounting year in 2021. The contribution rate payable by the employee members for calendar years 2020 and 2021 is the rate of 7.00%, as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

Annual Pension Cost

For the employer's accounting year ended June 30, 2021, the annual pension cost for the TCDRS plan for its employees was \$82,850 and the actual contribution was \$90,813. The required contribution was determined as part of the December 31, 2020 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2020 included (a) 7.5 percent investment rate of return (net of administrative expenses) and (b) projected salary increases of 4.6 percent. Both (a) and (b) included an inflation component of 2.50 percent. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of covered payroll basis over a closed period with a layered approach.

Net Pension Liability (Asset)

| | December 31, 2019 | December 31, 2020 |
|--|---------------------------|---------------------------|
| Total pension liability Fiduciary net position | \$ 3,956,557 4,036,217 | \$ 4,549,223 4,484,129 |
| Net pension liability / (asset) | \$ (79,660) | \$ 65,094 |
| Fiduciary net position as a % of total pension liability | 102.01% | 98.57% |
| Pensionable covered payroll ⁽¹⁾ | \$ 1,761,843 | \$ 1,655,124 |
| Net pension liability as a % of covered payroll | -4.52% | 3.93% |

⁽¹⁾ Payroll is calculated based on contributions as reported to TCDRS.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 8 - PENSION PLAN (CONTINUED)

The total pension liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below.

Discount Rate

| | December 31, 2019 | December 31, 2020 |
|---|----------------------|----------------------|
| Discount rate ⁽²⁾ | 8.10% | 7.60% |
| Long-term expected rate of return, | | |
| net of investment expenses ⁽²⁾ | 8.10% | 7.60% |
| Municipal bond rate ⁽³⁾ | Does not apply | Does not apply |

⁽²⁾ This rate reflects the long-term rate of return funding valuation assumption of 7.50%, plus 0.10% adjustment to be gross of administrative expenses required by GASB 68.

⁽³⁾ The plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active, inactive and retired members. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return, and the municipal bond rate does not apply.

Other Key Actuarial Assumptions

All actuarial assumptions that determined the total pension liability as of December 31, 2020 were based on the results of an actuarial experience study for the period January 1, 2013 – December 31, 2016, except where required to be different by GASB 68. The economic assumptions were reviewed at the March 2021 TCDRS Board of Trustees meeting and revised assumptions were adopted. These revisions included reductions in the investment return, wage growth, and maximum payroll growth assumptions. The assumptions are reviewed annually for continued compliance with the relevant actuarial standards of practice.

| | Beginning Date | Ending Date |
|------------------------|-------------------|-------------------|
| Valuation date | December 31, 2019 | December 31, 2020 |
| Measurement date | December 31, 2019 | December 31, 2020 |
| Employer's fiscal year | June 30, 2020 | June 30, 2021 |

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 8 -PENSION PLAN (CONTINUED)

Actuarial Methods and Assumptions Used for GASB Calculations

| Valuation Timing | Actuarially determined contribution rates are calculated on a calendar year basis as of December 31, two years prior to the end of the fiscal year in which contributions are reported. |
|--|---|
| Actuarial Cost Method | Entry Age Normal ⁽¹⁾ |
| Amortization Method Recognition of economic/demograph gains or losses Recognition of assumptions changes or inputs | ic Straight-Line amortization over Expected Working Life Straight-Line amortization over Expected Working Life |
| Asset Valuation Method Smoothing period Recognition method Corridor | 5 years Non-asymptotic None |
| Inflation | 2.50% |
| Salary Increases | Varies by age and service. 4.6% average over career including inflation. |
| Investment Rate of Return | 7.6% (Gross of administrative expenses) |
| Cost-of-Living Adjustments | Cost-of-Living Adjustments for Orange County Water Control and Improvement District #1 are not considered to be substantively automatic under GASB 68. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation. |
| Retirement Age | 60 and above |
| Mortality | 130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014. |

⁽¹⁾ Individual entry age normal cost method, as required by GASB 68, used for GASB calculations. Note that a slightly different version of the entry age normal cost method is used for the funding actuarial valuation.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 8 - PENSION PLAN (CONTINUED)

Long-term Expected Rate of Return

The Long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2021 information for a 10 year time horizon.

Note that the valuation assumption for long-term expected return is re-assessed in detail at a minimum of every four years, and is set based on a long-term time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting. The assumption for the long-term expected return is reviewed annually for continued compliance with the relevant actuarial standards of practice. The actuary relies on the expertise of Cliffwater in this assessment.

| Asset Class | Benchmark | Target Allocation ⁽¹⁾ | Geometric Real Rate of Return ⁽²⁾ |

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 8 - PENSION PLAN (CONTINUED)

Deferred Inflows/ Outflows of Resources

As of December 31, 2020, the deferred inflow and outflow resources are as follows:

| | In | Deferred Iflows of esources | 01 | Deferred utflows of esources |
|--|----|-----------------------------------|----|------------------------------------|
| Differences between expected and actual experience Changes of assumption Net difference between projected and actual earnings Contributions made subsequent to measurement date | \$ | 37,529 - 139,514 n/a | \$ | 45,641 232,946 - 41,773 |
| | \$ | 177,043 | \$ | 320,360 |

Amounts currently reported as deferred outflows of resources and deferred inflow of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

| Year ended December 31: | |
|-------------------------|--------------|
| 2021 | \$ 13,854 |
| 2022 | 48,581 |
| 2023 | (27,654) |
| 2024 | 19,865 |
| 2025 | 46,898 |
| Thereafter | - |

NOTE 9 - OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosure, as part of the basic financial statements, of certain information concerning individual funds including the following:

In the General Fund, actual expenditures exceeded the budget by the following amounts:

| | Amount | Percent of Line Item |
|----------------------------------|-----------------|-------------------------|
| Water and Sewer Service | \$ (60,192) | 7.3% |
| Administrative Expenses | (21,593) | 8.6% |
| Bond Interest and Fiscal Charges | (314,344) | 90.3% |
| Capital Outlay | (441,149) | 584.3% |
| Total Budget | \$ (837,278) | 9.9% |

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 10 - COMMITMENTS AND CONTINGENCIES

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District obtains insurance coverage through commercial insurance carriers. Workers' compensation and auto liability insurance are covered through participation in a public entity risk pool, where risk is transferred to the pool within policy limits purchased. There have been no significant reductions in insurance coverage from the preceding year and settlement amounts have not exceeded insurance coverage for the current year.

NOTE 11 – TEXAS WATER DEVELOPMENT BOARD PRINCIPAL FORGIVENESS AGREEMENT

On January 22, 2019, the Texas Water Development Board approved the District's Project No. 73825 for \$500,000 from the Clean Water State Revolving Fund with 100 percent of the loan to be forgiven. The \$500,000 was deposited into an escrow account controlled by the Texas Water Development Board. Money is transferred from the escrow account to the District's account as project milestones are achieved and approved by the Texas Water Development Board. Interest income is credited to the escrow account and is used for payment before principal. The unspent balance in the escrow account of \$444,394 is shown as restricted cash. Unearned revenue at June 30, 2021 for this project is \$444,394. Project activity through June 30, 2021 is shown below:

| | 6/30/2019 | 6/30/2020 | 6/30/2021 | Total |
|-----------------------------------|------------|------------|------------|-----------|
| Escrow balance Beginning of Year | \$- | \$ 492,110 | \$ 482,364 | \$ - |
| TWDB Deposit to escrow account | 500,000 | - | - | 500,000 |

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Orange County Water Control and Improvement District No. 1 Vidor, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of Orange County Water Control and Improvement District No. 1 as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements of Orange County Water Control and Improvement District No. 1 and have issued our report thereon dated October 5, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Orange County Water Control and Improvement District No. 1's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Orange County Water Control and Improvement District No. 1's internal control. Accordingly, we do not express an opinion on the effectiveness of Orange County Water Control and Improvement District No. 1's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Orange County Water Control and Improvement District No. 1's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

<u>Purpose of this Report</u>

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
